

## Thanksgiving with Brian and Carol

[Unknown word: turkey= Truthahn]

Last Thursday Susan celebrated Thanksgiving with \_\_\_\_\_ (dem Brian und der Carol)\_\_\_\_\_. The day before, they spent many hours in \_\_\_ kitchen to prepare different foods for \_\_\_ big party. That's very difficult, because not everyone likes everything. The Millers, our neighbours across \_\_\_ street, don't drink \_\_\_ beer. They only drink \_\_\_ water. They must not eat \_\_\_ butter; so Carol had to make \_\_\_ potatoes without \_\_\_ butter. She also made little sandwiches with \_\_\_ peanut butter and put \_\_\_ peanut on \_\_\_ peanut butter of every sandwich. The Millers are our "rabbits": they like \_\_\_ lettuce, \_\_\_ tomatoes, \_\_\_ vegetables, \_\_\_ fruit \_\_\_, everything green. So Carol also put \_\_\_ lettuce on their sandwiches, one or two \_\_\_\_\_(Salatblätter) on every sandwich.

The other neighbours, the Trumps, love \_\_\_ meat in all forms, \_\_\_ chicken legs, \_\_\_ sausages, \_\_\_ hamburgers. Mr Trump hates \_\_\_ water, but loves \_\_\_ beer, \_\_\_ cold beer, \_\_\_ warm beer, \_\_\_ German beer, \_\_\_ American beer. Every day he drinks four \_\_\_\_\_ beer \_\_\_. At a party he can drink ten \_\_\_\_\_ beer \_\_\_. His wife, Mrs Trump, loves \_\_\_ juice and drinks \_\_\_ juice with every meal. Mr Trump is very loud and loves listening to \_\_\_ music. His wife is very thin and quiet and always nibbles \_\_\_ crisps. Her husband always gives her \_\_\_\_\_ (Ratschläge) what to do and what to eat. She still believes in \_\_\_ love and always does what he says.

The other neighbours, the Burgers, love \_\_vegetable\_\_ and \_\_fruit\_\_. So Carol makes a tomato salad and a potato salad and a fruit salad with \_\_orange\_\_, \_\_banana\_\_, \_\_apple\_\_ and \_\_grape\_\_. So many people came to \_\_party\_\_ that Brian had to take \_\_\_\_\_ (die Möbel) out of the living-room to make standing-room for everybody. He put all the chairs against the walls so that \_\_\_\_\_(viele) people could sit, while others could stand in the middle with \_\_drink\_\_ and \_\_plate\_\_ of \_\_food\_\_ and talk with the other guests.

Carol also cooked \_\_turkey\_\_, a typical Thanksgiving meal in America. While \_\_guests\_\_ were eating Carol's delicious turkey, they saw on TV how President Obama let \_\_turkey\_\_ go free. Every year the American President saves \_\_turkey\_\_ and sets it free. But at the same time almost every American family eats \_\_big turkey\_\_ for dinner. They love eating \_\_meat, fat chicken leg\_\_, big hamburger\_\_, and spare rib\_\_. The turkey was .... Indian bird. The two daughters of Brian and Carol, Linda and Laurie, also helped in \_\_kitchen\_\_, because they didn't have \_\_homework\_\_.

At the big party Susan talked to some Spanish guests, because she wanted to make \_\_\_\_\_ (Fortschritte) in \_\_\_\_\_  
\_\_\_\_\_ (ihren Spanischkenntnissen).

At midnight all the guests left and Brian and Carol had to carry \_\_\_\_\_ (die Möbel) back into \_\_living-room\_\_. They didn't have to clean \_\_kitchen\_\_, because Susan, Linda, and Laurie did that.
